

WatchMeGrow

Welcome to WatchMeGrow

We proudly provide the best education around, so we partnered with the industry-leading streaming video provider, WatchMeGrow.

Connect with Your Child During Your Day

Tips for using our streaming video service:

Get started.

Sign up by visiting watchmegrow.com/signup. Once WatchMeGrow gets our approval, they will email you and you'll be ready to stream!

Your privacy is important. And so is everyone else's.

Please don't record video or take screenshots. It violates the privacy of the other children, the teachers, and their families. It also violates WatchMeGrow's terms of service and can result in account suspension or termination.

Log out after each session.

If you forget, you'll be automatically logged out when your session is not active.

We are rigorous about security. You should be too.

Please don't share your username and password. We review and approve each new account so we can be sure only authorized users can stream video.

What to know before you stream:

YOUR CHILD'S TEACHER HAS THE ANSWERS.

It's hard to know how your child is doing through video alone. If you have questions about your child's progress, schedule some time to have a conversation with the teacher.

YOU'LL BE A PRODUCTIVITY MACHINE AT WORK.

According to statistics, parents log in to WatchMeGrow for an average of 7 minutes per day. This means most

parents are logging in a few times, for a few minutes, to check in, smile, then carry on with their day.

EVERYTHING IS FINE. REALLY.

Children are resilient. Your child may have been crying and clinging to your leg when you left her this morning, but was playing happily a minute after you left. Our teachers are skilled at helping children move on to having a great day. Just log in and see for yourself.

WatchMeGrow
Anywhere.
